PROFESSIONAL SUMMARY

Focused and disciplined BSc. Information Technology student with a strong interest in software engineering, backend development, and AI-driven systems. Experienced in building practical projects using Java, SQL, and modern development tools. Passionate about continuous self-improvement, real-world problem solving, and growing into a high-impact software engineer.

TECHNICAL SKILLS

Programming Languages:
Java, SQL, Basic Python

Technologies & Tools:
Git & GitHub, Android Studio, MySQL, Linux, Windows System Setup

Core Concepts:
Object-Oriented Programming (OOP), Database Design, Backend Fundamentals, Software Installation & Troubleshooting, System Configuration

---

PROJECTS

Student Management System (Java + Database)
Developed a console-based system for managing student records using Java and relational databases. Implemented CRUD operations and database connectivity.

Personal Portfolio Website
Designed and built a responsive personal portfolio using HTML and CSS to showcase projects, skills, and professional profile.

IoT Telemedicine Monitoring System
Collaborated in developing a prototype health monitoring system integrating sensors and a web interface for remote health tracking.

System Setup & Dual-Boot Experience
Hands-on experience installing and configuring Windows and Linux environments, software deployment, and system troubleshooting.

EDUCATION

Bachelor of Science in Information Technology (BSc. IT)
Masinde Muliro University of Science and Technology
Currently in Year 3 (Advancing to Semester 2)
Expected Graduation: 2027

STRENGTHS

- Strong self-discipline and consistency
- Fast learner in emerging technologies
- Passionate about software engineering and AI
- Practical, project-based learning mindset

INTERESTS

Software Engineering, Artificial Intelligence, Cloud Computing, Cybersecurity, Martial Arts, Personal Development
